## WELCOME TO DINABANDHU ANDREWS INSTITUTE OF TECHNOLOGY & MANAGEMENT

Dinabandhu Andrews Institute of Technology and Management is a self financed Institute. The Institute is affiliated to Maulana Abul Kalam Azad University of Technology, West Bengal (formerly known as West Bengal University of Technology). The Institute offers BBA, BCA, BBA (Hospital Management), B.Sc in Medical Lab Technology, M.Sc in Computer Science and M.Sc in Applied Mathematics. It provides suitable educational infrastructure to young, brilliant students for their career development in their respective fields in Computer Application, Business Administration & Medical Laboratory Technology at a reasonable and an affordable price.

## OUR MISSION

Dinabandhu Andrews Institute of Technology & Management (DAITM) affiliated to Maulana Abul Kalam Azad University of Technology, West Bengal (formerly known as West Bengal University of Technology), was set up in 2002 with the objective to widen the scope of technical and management studies. Without diluting this basic objective of producing hard working, sincere professionals with core competence in respective fields, DAITM also intends to further fertilize the sharp minds of its students with specialized trainings in cutting edge topics of Management and Technology so as to produce mature young Managers & Technocrats with sharp communication skills and profound knowledge on impacts of globalization - a truly global intellectual product.

Creation of conducive learning atmosphere to inculcate value based education.

Development of state of the art infrastructure and making education responsive to changes.

Creation of effective interface with Industry and strengthening Industry-Institutional interaction and Entrepreneurship development as a whole.

Promoting research activities and establishing linkage with National and International Institutes of repute.

Developing the human resource required for the rapid progressive change owing to the industrialization of this state.

## VISION

To develop an Institution of Excellence for advancement of Management & Technology and for creation of professionals with high sense of ethical values and commitment to the Society.

### Short Term Objective

To produce sufficient number of capable young Managers, Technocrats & Technologists to cater to the immediate needs of increasing demands of graduate skilled work force for sustainable development of the ever increasing expansion in the diverse sectors of IT and Business.

### Mid Term Objective

To expand the academic activities to other branches of Engineering, Technology, Mass Communication, Hospitality as per the requirement of the Industry.

To cultivate Research and Development activities for sustainable development of Technical & Managerial education.

### Long Term Objective

To develop the Institution as a Centre of Excellence, capable of handling emerging areas of Management & Technology and continue to open up newer dimensions in Management & Technology through rigorous and innovative research practices with a vision of making it a Global resource centre.

Focus on under privileged students; special care taken to ensure their mental and educational upliftment.

## PRESIDENT'S DESK

We are stepping into an ambience where 'Industrialization', 'IT', 'Management', 'Cyber-Knowledge', etc. have become keywords for our individual and social existence and opportunities. The careers of the youth of West Bengal will center around the programs and actions represented by these recurrent set of words.

A new institution for professional training holds many promises for its students as it also invites them to contribute to its development. It is a mutually enriching environment, in which the institution, the students and their teachers function. The Governing Body of DAITM is fully aware of its responsibilities, and plans to set the Institute, with the help of all, on a path of uninterrupted progress.

Prof. Pabitra Sarkar(Dr.)  
President

## TEACHER-IN-CHARGE'S DESK

Technology and Management are two critical areas that play a crucial role in shaping the growth and success of one's career. Technology has become an integral part of almost every industry, and being proficient in its application always gives individuals a competitive advantage. Management, on the other hand, is essential for individuals looking to advance their careers into leadership roles.

We at DAITM have been doing this successfully for more than twenty years with a very strong team of faculties who are extremely knowledgeable and proficient at grooming our students. Over the years our Institute has earned the reputation of being one of the premier Technology and Management Institutes of Kolkata. Our focus is not only on mentoring our students to become corporate leaders but also on developing them into better human beings and responsible citizens.

Our Institute has been named after a noble man, Charles Freer Andrews, educator and social reformer, who was a leading light in our liberation struggle and social reforms, spearheaded by Mahatma Gandhi and Rabindranath Tagore. Like him, we hope to be a beacon to our students, a source of inspiration and hope to achieve success in professional life.

As the Teacher-in-charge of this Institute, I assure you all for its reputation as a centre of excellence in Technology and Management training.

Sandip Sadhukhan  
Teacher-in-Charge

## Our Achievements

## COURSE OFFERED

### **BBA** BACHELOR OF BUSINESS ADMINISTRATION

Course Description : The degree is designed to give a broad knowledge of the functional aspects of a company and their interconnection, while also allowing specialization in a particular area. BBA programs expose students to a variety of 'core subjects' and allow students to specialize in a specific academic area. The degree also develops the student's practical, managerial and communication skills and enhances their business decision-making capabilities. Many programs incorporate training and practical experience, in the form of case projects, presentations, internships, industrial visits and interaction with experts from the industry.

Eligibility : As per MAKAUT eligibility criteria  
Duration : 3 years

### **BCA** BACHELOR OF COMPUTER APPLICATION

Course Description : BCA is a new age degree course in the field of computer applications. The duration of the course is normally three years. It is a program where students are exposed to various areas of computer applications including the latest developments keeping pace with the industry. The basic objective of the programme is to open a channel of admission for computing courses for students, who have done the 10+2 and are interested in taking computing / IT as a career.

Eligibility : As per MAKAUT eligibility criteria  
Duration : 3 years

### **BBA** HOSPITAL MANAGEMENT

Course Description : Prospects and opportunities in Healthcare is one of the fastest growing industries in the country, particularly in Eastern India. The course prepares one for the overall management of a hospital, to ensure its smooth functioning through maintenance of all infrastructure and equipment as well as coordination of various departments. The hospital administrator's function is to ensure highest quality care at lowest cost, with the objective of ensuring patient satisfaction. Internship is arranged for our students at reputed hospitals.

Eligibility : As per MAKAUT eligibility criteria  
Duration : 3 years

### **B.Sc** MEDICAL LAB TECHNOLOGY

Course Description : B.Sc in Medical Laboratory Technology is an allied health profession that deals with the diagnosis, treatment and prevention of diseases through the use of Clinical Laboratory tests. It offers a rewarding health care programme that does not require hands-on patient care. For those individuals who love science, technology and healthcare, this programme is a perfect blend of all the three.

Eligibility : As per MAKAUT eligibility criteria  
Duration : 3 years

## M.Sc APPLIED MATHEMETICS

Course Description : Applied Mathematics is an important branch of Mathematics with the help of which we are able to solve various problems arising in different areas, e.g. science, engineering and other diverse fields. Applied Mathematics is not a profession in itself, but a course that can lead to different professions.

Eligibility : As per MAKAUT eligibility criteria.  
Duration : 2 years

## M.Sc COMPUTER SCIENCE
